PRESIDENT'S LETTER

It is hard to believe it has been nearly four years since we began this journey to elevate philanthropy in our region. The Board that leads this Foundation is comprised of some of the finest individuals I have ever known and their vision and dedication is paramount to our success. And while our Board leads, our donors fuel the efforts that make our communities a better place.

As this report is titled, our first four years have been about building capacity, building compassion and building communities. From training non-profits in the Coatney Center for Philanthropy to spearheading community development plans across our four parishes, our Foundation is changing lives and landscapes daily. Ironically, the lives that are most often changed are those of our donors, our powerful army of good that is acutely aware of the privilege of generosity. Thank you to those of you who believe that philanthropy is both a right and a responsibility – it is because of you that we succeed.

Recently, as I humbly discussed in a meeting all of the accomplishments of the Foundation thus far, I was posed a question. "Of which are you most proud?" My answer was simple and clear. It was not a particular grant, not the amount of assets we have developed nor even a region-wide project. My answer was that we are relevant - and our four parishes are already better off because we are here.

I sincerely thank you for the privilege of leading this organization.

Looking forward,

Susan Bonnett
 Susan H. Bonnett

MISSION STATEMENT

The Northshore Community Foundation unites human and financial resources to enhance the quality of life in the Northshore region.

To achieve our mission, we:

- Serve donors to build the assets that drive initiatives and solutions
- Engage community leaders to develop appropriate responses to emerging opportunities and challenges
- Elevate our work and share the results with our stakeholders

HISTORY

Initiated in 2007, the Northshore Community Foundation is improving life in St. Tammany, Tangipahoa, Washington and St. Helena parishes simply by connecting resources with needs. Our supporters and donors have chosen to make a difference in their own back yard. Through those partnerships, the Northshore Community Foundation has taken on projects that fundamentally improve the Northshore and will continue to build a smarter, more sustainable future for our region.

At year-end 2009, the Foundation had estimated assets of nearly \$10 million.

COMMUNITY DEVELOPMENT

In order for our region to thrive, our communities must grow with a constant, watchful eye on the best ways to plan for what we will become. Through civic leadership and investment, our Foundation is actively involved in planning projects at the neighborhood, city, parish and regional level. In St. Tammany, Tangipahoa, Washington and St. Helena parishes, we are working to foster economic growth, create safe and affordable housing, preserve wilderness and landscapes and build communities that feel like home — now and always. Our projects include:

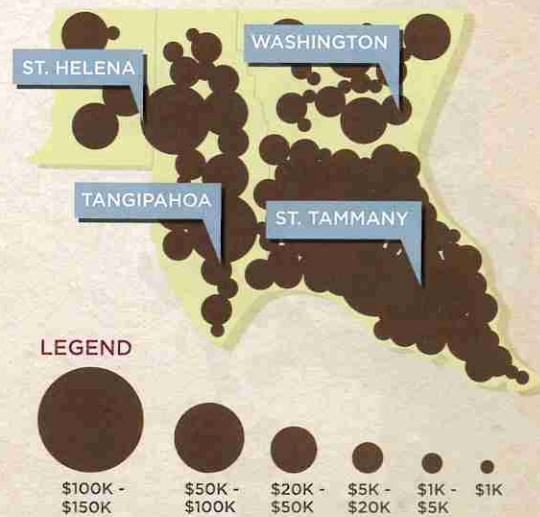

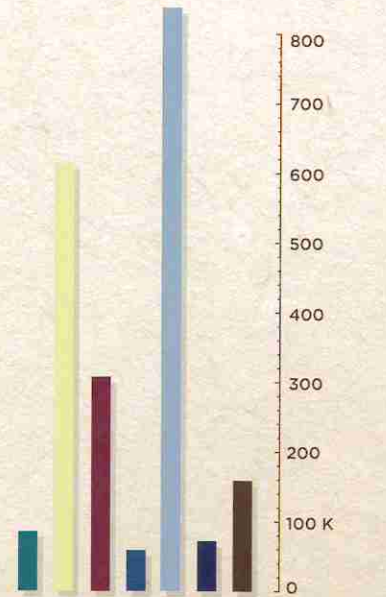

- Amite City Downtown Redevelopment Plan
- Covington West 30's Neighborhood Revitalization Plan
- City of Hammond Comprehensive Plan
- St. Helena Parish Comprehensive Plan
- Community Land Trust Model Plan
- City of Mandeville Old Mandeville Town Center Resiliency Plan
- Tangipahoa Parish Land Use Tool Kit Implementation Plan

A special thanks to Fannie Mae for its investment in our housing and community development efforts.

NONPROFIT GRANT MAKING
