

Northshore Community Foundation's Emergency Relief Fund and COVID-19 Grant Outcomes

FOOD

20,809

Meals provided to school aged kids, families and food pantry clients.

Additional meals safely handed out through churches, childcare centers, day centers and emergency shelters:

38,366

1,000

Meals from **local restaurants** delivered to frontline medical workers in **7 Northshore hospitals**

100

Days of meals delivered to **20 homebound elderly neighbors**

Grants made to food pantries at the onset of the pandemic

\$140,000

“The grant from Chevron and the Foundation has allowed us to respond to the pandemic in St. Tammany in unprecedented ways. This generosity and its intended impact is helping a large number of residents make it through the tough economic times brought upon them by the downturn in the economy.” –Sr. Marjorie Hebert, CEO and President, Catholic Charities

SHELTER

Mitigated impending evictions for families from their homes

102

75

Families **housed in hotels and shelters** who would have had no place to lay their head

Kept the lights on for

13

families who would have been in the dark and without power

“These funds will go a long way in helping ease the unexpected burden our homeowners are facing due to the pandemic. Knowing that many of our families are facing unemployment for an extended period, funds to help with mortgage relief will allow our neighbors to use their income for healthcare, food, and emergencies.” –Kentrell Jones, Executive Director, East St. Tammany Habitat for Humanity

SUPPORT

40

"Happy Bags" created with snacks and toys delivered to **at-risk youth used as a social service** check in

Full-time counselors hired to do **human services counseling and outreach** in rural areas

TWO

Purchased **computers and software** to offer telehealth for **75**

homebound people with developmental disabilities

22

Trauma sessions with abused children, some as young as 3 years old

Hours of support given through phone, email and Zoom

151

481

Points of **therapeutic contact** with those struggling right now

"With the stress of the pandemic and the economy in the throes of a recession, many in our community are suffering from mental health issues. We are so grateful to Chevron and the NCF for stepping forward to help us address these issues. We look forward to partnering again in the future."

—Michelle Biermann Treschwig, Board Member, Volunteers of America Southeast Louisiana

HEALTH & WELLNESS

\$60,000

Financial relief given to **local hospitality workers** who lost 100% of their income when the pandemic hit

Sanitizing supplies to reopen safely: PPE, masks, thermometers, disinfectant and paper towels

53 orgs

660

Packages of **diapers, wipes and baby formula** given to new mothers for their infants

Educational packets printed out and distributed to low-income kids without Internet access to complete their stay-at-home studies

200

35

Specialized cancer **patient care boxes** with nutrition and medicine and 100 antibody tests for the community

Hours of **live streaming video** and seminars to keep our neighbors feeling connected and positive

60

An online platform was developed to help NAMI keep their support groups operational for those with mental illness

Virtual

"We are so blessed to have a partnership with NCF and Chevron, especially in these trying times. Money is tight but needs are vast. The families and individuals with disabilities in our community are searching for answers and we feel blessed to have the resources, and some of the answers, that they are looking for." — Kathy Dillon, ED Northshore Families Helping Families

In addition to ALL of this work, we granted an additional \$250,000 in Emergency Relief monies to frontline nonprofits who do the immediate face-to-face critical work.
